

# **Mrs. Shupick**

***My name is Shana Shupick and I am a third grade teacher at Brock Elementary. I have been teaching a total of twelve years, eleven of which have been here at Brock in fourth grade. This is my first year to teach third grade and am really enjoying it! I graduated from Tarleton State University in Stephenville, Texas, with a Bachelor of Science degree in Interdisciplinary Studies (Elementary Education) and a specialization in Reading and Physical Education. I also have my Gifted and Talented Certification.***

***I am happily married to Michael, and have three wonderful children. Brandon is 18 now and goes to Weatherford College!!! Taylor, my little girl, is seven years old and is involved in dance and gymnastics! She is quite the little dancer and gymnast! Jordyn, my youngest daughter, will be three in January. She is my little feisty one!! They all tend to keep us very busy and entertained. We also have two cats named Junior and Chance, and lots of fish.***

***I have several hobbies that I like to do in the little spare time that I do have. My favorite thing to do is scrapbooking. I love to create albums about my family. Reading is another thing I like to do as well***

***as listening to music, photography, watching movies, and dancing. For relaxation, I like to work in my flower beds. I am also pretty proud of my Nascar classroom! Check it out!***
